

ASM Educational Center, Inc.(ASM)

IT Training at its BEST since 1992!

Looking for a job in **Cybersecurity?**

*You may be eligible for
Government funds
to get Trained for **FREE!***

Details/Background:

- The field of Cybersecurity is projected to grow by **41%** in the next 8 years.
- Maryland is the national epicenter of Cybersecurity activities, but the industry is facing a critical shortage of workers.
- There are training funds available to increase the pipeline of skilled Cybersecurity professionals with appropriate industry certifications.
- There are 4 Tracks: Introductory Tracks, Networking/Server Tracks, Cybersecurity Tracks, and Digital Forensics Track.
- After successful completion of courses, students will be prepared to sit for the corresponding industry certification exams, many of which are addressed in the DOD directive 8570.1.
- **Suggested courses:**
A+/Network+/Security+/ICND1&2/MCITP/CISSP/CEH/CCE/SCNS/SCNP

Eligibility Requirements:

- You must be age 18 or older, seeking full-time employment within one year of certification, and be one of the following:
 1. **New Worker:** Unemployed, and seeking education or skills to obtain employment in the industry
 2. **Dislocated Worker:** Laid off or terminated and unlikely to return to prior field of employment
 3. **Underemployed Worker:** Currently employed part-time or in a low wage job
 4. **Incumbent Worker:** Currently employed in the IT field, and seeking to upgrade skills that will lead to promotion—**NO LONGER AVAILABLE!**— Funding threshold has been reached.
 5. **Recently Separated Veteran:** Veterans will get priority of service

Next Steps:

Send an email to ASM (info@asmed.com) with the following subject line:

“Free Training for Cybersecurity”. See **next page** for list of requested information.

ASM Educational Center, Inc.(ASM)
